BULGARIA ASKS ARMISTICE BRITISH START OFFENSIVE

OFFICIAL OVERTURES MADE BY BULGARIAN ARMY HEADQUARTERS ASKING FOR A MEETING TO ARRANGE FOR AN ARMISTICE TO ARRANGE FOR PERMANENT PEACE.

NO CESSATION OF HOSTILITIES PENDING NEGOTIATIONS IS REPLY OF FRENCH GENERAL BULGARIAN OFFICER HASTENS TO ALLY CAMP

Premier Malinoff of Bulgaria Makes Formal Application To London For An Armistice. Berlin Says Counter Movements Have Been Launched Against Malinoff.

PARIS, SEPTEMBER 27.—(Associated Press Cable)—The French commander-in-chief in Macedonia officially reports today that the Bulgarians have asked for a meeting to arrange the conditions of an armistice and eventual peace.

The French commander replied, refusing to suspend operations, but saying he would receive duly qualified delegates of the Bulgarian government.

PREMIER ASKS ARMISTICE

LONDON, SEPTEMBER 27.—(Associated Press Cable)—Premier Malinoff, of Bulgaria, has made an offer of an armistice to the allies, according to a Berlin message transmitted by the Exchange correspondent at Copenhagen. The message quotes the Premier's offer was made without the support of other members of the cabinet or of King Ferdinand.

The Berlin message says Premier Malinoff's offer has created dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian front.

According to statements from Sofia it is added, a counter movement against the action of the Premier has already been set on foot. (This would seem to indicate a revolution is in progress in Bulgaria.)

The news of the Bulgarian developments, including the offer, the Copenhagen correspondent states, was from German official sources.

BULGARIAN OFFICER ARRIVES

PARIS, SEPTEMBER 27.—(Associated Press Cable)—General Franchet D'Esperey, commanding the allied armies in Macedonia, has telegraphed to the French government that a high Bulgarian officer has presented himself, in behalf of General Porodow, commanding the Bulgarian army, asking the suspension of arms for 48 hours to permit the arrival of two authorized delegates from the Bulgarian government.

APPLICATION RECEIVED IN LONDON

LONDON, SEPTEMBER 27.—(Associated Press Cable)—The British government today received from an official authorized source an application from Bulgaria for an armistice.

REGARDED AS SERIOUS MOVE

LONDON, SEPTEMBER 27.—(Associated Press Cable)—The Bulgarian application for an armistice is regarded as a serious movement and contrary to the report of German sources of the armistice move, there is no suggestion that it is the action of Premier Malinoff on his own initiative. The request, which is addressed to the allies, is for an armistice for the discussion of peace.

WASHINGTON SEES BEGINNING OF END

By Associated Press Dispatch.

Washington, September 27.—The Bulgarian plea for an armistice on the Macedonian front pending peace conferences is viewed here with mixed sensations though nowhere is doubt felt that the invasion of Bulgaria by the victorious allied armies marks the beginning of the end of that country's career as an active ally of Germany.

In military quarters the belief is expressed that Bulgaria is whipped and ready to quit and that the peace proposal actually came from the army, and the Premier without the consent or knowledge of the German-controlled courts, as stated by German dispatches.

On the other hand some officials are inclined to suspect another phase of the peace offensive.

FERDINAND'S MINISTERS ON THE WAY

French Commanders Order Them to Enter Through British Lines.

Will Grant No Armistice But Receive Delegates.

(Associated Press Cable)

Paris, September 27.—The minister of finance, Laptcheff and General Loukoff, commanding the Bulgarian second army are on their way to the French headquarters with the assent of King Ferdinand to arrange the condition of armistice and eventually the terms of peace.

The French commander reports the Bulgarian request reached him through an intermediary—the General commanding the British army in the east forming a part of the Allied command.

General D'Esperey's reply, therefore, asks the Bulgarian delegates to present themselves to the British lines. General D'Esperey says as the Bulgarian request might be a military ruse to allow the regrouping of the forces and the arrival of reinforcements, he made a reply declining to grant an armistice but promising to receive duly qualified government delegates.

It is understood no instruction regarding the Bulgarian application for an armistice will be given the military commanders in Macedonia until there is opportunity for consultation between the allied powers, including the United States, and that meanwhile the military operations were continuing.

BIG DRAWING OF NUMBERS ON MONDAY

Provost Marshall General Fixes September 30th For Great Draft Lottery Drawing.

By Associated Press Dispatch.

Washington, September 27.—Monday, September 30, was set by Provost Marshall General Crowder today as the date for the national draft lottery to determine the order in the classes to which they will be assigned the 13,000,000 men who registered for selective service September 12.

The drawing will be held publicly at the Senate office building and the numbers will be given to the press and the country by the district draft boards as quickly as the lists can be put into the mail.

It will be necessary to draw approximately 17,000 capsules containing the serial numbers and it will require approximately 26 hours to complete the task.

19 TO 37 FIRST

All the registrants whose number is about to be drawn are subdivided into three classes, 19 to 27 come first; 37 to 45 next and those 18 to 19 come last.

The numbers drawn are certain to be indiscriminately scattered through these classes but it is doubtful when the men above 37 will be called.

Even though men between 37 and 45 hold early order numbers among the first.

From this committee of five, named at the Oufa conference, which has been recognized by all the factions opposing the Bolsheviks, may come the establishment of the Russian nation, it was said today.

BIG OFFENSIVE BY AMERICANS SEEN BY BAKER

(By Associated Press Cable)

With the American Army on the Champagne, September 26.—(8:30 p. m.)—Secretary of War Newton D. Baker witnessed the beginning of the American drive along the front northwest of Verdun this morning.

At five o'clock, after the enemy positions had been bombarded with high explosives and gas shells, the American infantry advanced. Squadrons of tanks again formed an effective part of the attacking force. The work of the American airplanes was one of the features of the fighting.

An aerial barrier was maintained over the line preventing the enemy from observing troop movements. In spite of the fog the airmen swooped down low and materially assisted the advancing infantry.

Without a hitch and absolutely according to schedule the entire line was moving tonight into positions paralleling the line of attack.

CAN'T STOP AMERICANS

(By Associated Press Cable)

American Army on the Champagne front, September 27.—(1:30 p. m.)—The enemy has increased his artillery fire along the center of the American advance but was unable to force back the American. The rain has made the roads virtually impassable for the artillery and increasing the difficulties of transport.

GERMAN DEFENSE SYSTEM, BASED ON FORTRESS OF LAON, ON TWO WIDE FRONTS BETWEEN ARRAS AND VERDUN IS BEING SEVERELY SHAKEN UNDER CONCURRENT MAJOR ATTACKS BY THE ALLIED ARMIES.

FIRST DAY NETS 12,000 HUN PRISONERS FOR FRENCH AND AMERICAN FORCES SERBIANS PUSH FORWARD IN MACEDONIA

South of the Sensee River British Are Fighting Well Within the Hindenburg Line. Whole German Defense System West of Cambrai Menaced and St. Quentin's Fall Seems Near.

(By The War Editor of The Associated Press)

Under allied smashes on two wide fronts between Arras and Verdun the German defensive system, based on the fortress of Laon, is being shaken severely.

Marshal Foch, while continuing the successful Franco-American thrusts from east of Rheims to Verdun, has hurled the British against the German lines north of Cambrai on a front south of the Sensee river.

DIVIDE GERMANS AND BULGARS

The allied forces are pressing on and pushing further apart the divided German and Bulgarian armies.

From the new line reached Thursday night up to which time the Americans had advanced 7 miles on a 20 miles front, the American forces between the Argonne and the Meuse continue to press northward through the hilly wooded country northwest of Verdun. The Americans are well beyond the original German lines and hold important observation points along the front. A light rain fell Friday on the American sector and the weather was unfavorable for observation.

West of the Argonne to the Suippe river the French have advanced more than three and one-half miles and taken and passed beyond formidable German defense points.

12,000 HUN PRISONERS TAKEN

General Petain's men took more than 7,000 prisoners, who, with the 5,000 taken by the Americans, brings the allied total for the first day of the attack to 12,000.

The new British attack launched Friday morning is north of the scene of the operations of the last fortnight, looking to the encirclement of St. Quentin and it threatens the German defenses north and west of Cambrai.

WELL WITHIN HINDENBURG LINE

South of the Sensee river the British are well within the Hindenburg line and on ground untouched previously by heavy fighting. West of Cambrai they are just west of the German line and the new operation probably is planned to outflank the Hindenburg positions from Cambrai to St. Quentin. The Franco-American thrust further south is aimed against the communications behind this front.

Serbian troops at the apex of the advancing allied salient in Macedonia have advanced more than 55 miles from their original positions.

SERBIANS MAKE GREAT GAIN

The important base of Ishtib has been occupied and the Serbs are fighting for Voles. Northeast of Ishtib Serbian cavalry is pressing rapidly toward the Bulgarian border.

East of the Vardar and north of the Doiran the allies are crossing rapidly the hitherto supposedly impassable mountain heights.

British troops are marching on Strumitza, the Bulgarian base in this region. Progress also is being maintained west of the Vardar and near Monastir, while the enemy troops on the wings, especially in Albania, are rapidly getting into a dangerous position.

TAKE 16,000 PRISONERS

LONDON, SEPTEMBER 27.—(Associated Press Cable)—The number of Germans taken by the French and Americans in their drive in the Champagne exceeds 16,000, according to a Paris dispatch.

ATTACK PROGRESSING FAVORABLY

PARIS, SEPTEMBER 27, 11:30 A. M.—(Associated Press Cable)—Reports at this hour from Champagne indicate the attack of the French and American forces is progressing under the most favorable conditions.

BRITISH ARE "CARRYING ON"

LONDON, SEPTEMBER 27, 7:00 P. M.—(Associated Press Cable)—The new British thrust against the German positions on the front of Cambrai is progressing satisfactorily, according to the news received here. The attack is viewed here as a strong British effort to take Cambrai.

PRESIDENT OF THE CITY COUNCIL, J. A. MELVIN, IS CALLED

Active Career of Widely Known Business Man Is Brought to Close After Months of Illness—Funeral Monday Afternoon.

Mr. J. A. Melvin, life long resident of this city, and President of the City Council, passed quietly away at his home on East Paint street Friday morning at 12:25, at the age of 68 years, death resulting from uraemic poisoning.

For some time he had been in poor health and on the 28 of May, while visiting relatives in New York, was seized with a sudden illness which aroused the gravest anxiety of his family. His son George went to New York and brought him home, also accompanied by the only daughter, Miss Marie, who resigned her position in Washington, D. C. to accompany them here and assist the family in giving the careful nursing which has been a big factor in prolonging life.

Mr. Melvin, throughout his useful life and business career deservedly won a high place in the esteem of the community as well as the affection of the people with whom he had mingled for so many years. He was a man of strong and honest convictions and commanded respect by his upright life.

He was successful in business and owns one section of what is known as the Arcade block. Politically Mr. Melvin was a democrat and always took an active interest in his party. In earlier years he held office and at the time of his death was President of the City Council for the second term. He belonged to the Independent Order of Odd Fellows and was also a member of the Fayette Encampment. Mr. Melvin has been for many years a member of Grace M. E. Church.

Both on his own side and that of his wife, who was a daughter of the late Abraham McCoy, Mr. Melvin's death touches a large family connection and a host of personal friends and business and fraternal associates.

He is survived by his widow, one daughter, Marie, and two sons, George and Charles; one brother, Mark Melvin of this city, and one sister Mrs. Zoe Kimberly of New York. Mr. Melvin was devoted to his family and the sympathy of the community goes out to those who mourn an affectionate husband and father.

The son, George was in Belton-

tain and the only one of the little circle not with him at the end. He reached home Friday morning.

Funeral services will be held at two o'clock Monday afternoon, followed by burial in the Washington cemetery.

PRIVATE WILT BADLY WOUNDED

Private Leo Wilt, son of Mr. and Mrs. Anselm Wilt, of West Lancaster, this county, who is listed among Friday's casualties as wounded severely, is one of the first Fayette county selective service men to be wounded in action.

His parents this week received official notice of the wounding of their son and about the same time received two letters from him, one of them written by a nurse and the other by Private Wilt himself. The first told of his wounds and that he was in a hospital receiving the very best of care and the other stated that he was suffering of a shrapnel wound in the chest, but at that time was able to sit up part of the time.

The wound was sustained late in July, it is understood, while he was with one of the fighting divisions in action around the Marne salient, he having been transferred from the division trained at Camp Sherman, to replace casualties in one of the divisions arriving earlier.

HAS SOME MIGHTY CLOSE "SQUEAKS"

Writing to his mother, Mrs. J. A. Johnson, of South North street, this city, Lt. Frank O. Johnson tells of his work in France and declares that the Germans will be out of France by Christmas. His letter follows:

La Roche Bernard, France, September 6th.

Dear Mother:

Today I was given my first gold service chevron given for six months foreign service I can hardly realize that we have been in France six months. It is quite an education in itself and I don't believe there is a more fortunate fellow in the army than myself. In the first place, my present good health is a marvel after what I have experienced. In the second place to be among the first one hundred thousand to reach foreign soil among several million is quite gratifying, and last but not least is the fact that I am over here as an officer when so many thousand fine, educated and brilliant fellows have to come as enlisted men. This difference of course can not be appreciated by a civilian but any one who has served in the army readily realizes it at its true value.

I hesitate to add another thing but I hope it will not be the cause of any worry to you and that is the fact that I have gone through more hazards with out a scratch than any other man in the army. I do believe I seem to have a faculty of getting in the tightest places and getting out of them through some providential means rather than good judgement than the usual run of fellows.

Daily developments in the theatre of war are every thing that could be wished for and it is my honest belief that by Christmas there will not be a German on French soil and by the first of next August we will be across the Rhine. All of this is only made possible not alone by the brilliant actions of our troops in the field but by the patriotic and unselfish support and help given us by those back home and to them more than to those of us who wear the gold chevron should the credit be given.

We are well taken care of in every respect. We have good food and plenty of it; good warm clothes and shelter whenever possible and good treatment by those in authority, and the civilian populace. And Billy Paul certainly told the truth when he said that a man in uniform nowadays had to take to the alleys to get away from the admiring crowds.

I am going to send you a souvenir of France made for me by a native Parisian. It is all hand work and I think you will agree with me that it is quite a work of art.

PNEUMONIA FATAL TO FRED HILLERY AT GREAT LAKES

Ring the death knell of hope came a telegram to the Hillery home at seven o'clock Thursday evening hearing the word that Pvt. Fred Hillery had been released from his country's service, entered so willingly to be enrolled in the service of the Eternal Ruler. To the sister Olive anxiously waiting with her two aunts, Mrs. Wilson and Mrs. B. D. McVey, of Greenfield, the message brought the same heart breaking grief that had come to the parents, a few hours earlier at the Great Lakes Training Camp, to which they had hastened Tuesday night upon receiving the word of Fred's serious condition. It had been his mother's sad privilege to see him for a few minutes while he was still conscious Thursday morning, but soon the boy relapsed into unconsciousness, the end coming at four o'clock in the afternoon.

The shock to the family is almost unbearable. Fred was the only son of Mr. and Mrs. Thos. Hillery and with the only daughter, Olive made up a little family circle that was singularly devoted. Mr. and Mrs. Hillery had always been ready to make any sacrifice for their children and the family was doubly bound together by the ties of mutual interests and understanding. Fred was a bright boy, whom everybody liked.

After graduating from St. Mary's Academy, Dayton, he engaged in electrical work with the Ohio State Telephone Co., being stationed at Zanesville, Columbus and at the time of his enlistment in the Great Lakes Training Camp, at Toledo.

Since the last of May he has been in the Radio Division of the Navy, going into his work with the same pep and capability that he had given to his previous work, and fired by his love for his country.

He had not quite reached his twenty-third birthday when he succumbed to the pneumonia.

The family have the deepest sympathy of their numerous friends

here and also at the training camp, where the popular young sailor made many newer friends.

It had been expected that the body would arrive with Mr. and Mrs. Hillery on the 10:38 B. & O. train Friday morning, and a number of relatives and friends, together with representatives of the Elks' Lodge were in waiting at the station. But the parents came alone and it is expected that an escort from the Great Lakes will accompany the body, arriving here either tonight or in the morning.

Funeral announcements will be made later.

LAID TO REST WITH BEAUTIFUL SERVICES

All that was mortal of Miss Grace Theobald was laid to rest in the Washington cemetery Thursday afternoon, following a service of beautiful simplicity, conducted by Rev. Wm. Boynton Gage, at the home on West Paint street.

Many friends had gathered and there were few dry eyes as friends viewed the sweet faced young woman sleeping amid a bower of flowers and while they sorrowed for her early summons they were comforted in that she had found the perfect peace.

The minister spoke of the many evidences of affection that surrounded her, the profusion of flowers, the large assembly of friends, some compassing a long journey to be there, others turning aside from the busy life to pay a farewell tribute.

Particularly affecting was his mention of her happy disposition, always in her quiet way, looking for the sunshine and the bright things of life and bringing this cheer into the two principal interests of her life, her home and her business. In the pocket-book she carried were found a number of beautiful poems which she had clipped and all bore on this subject of the smiling life. One by Bella Wheeler Wilcox, "Laugh and the World Laughs With You" and others were read and also the hymns "Abide With Me" and "My Jesus As Thou Wilt."

The members of the W. E. Dale furniture store, with which Miss Theobald had been so long associated attended in a body and from them were chosen the pall-bearers: Messrs. W. E. Dale, Stanley Schneider, Adam Summers and Cleve Shough.

Besides the brothers who came from the West relatives coming for the services were:

Mr. and Mrs. E. C. Theobald, Vincennes, Ind.; Grafton Ellis, Newark, O. Mrs. P. O. Daughters, Miss Zelma Leath, Mr. Frank Hill, Columbus, O.; Misses Hester and Lillie Hill, Mr. Ed Hill, W. A. Hill, Mrs. N. Henry, Miss Pearl Mathews, Sabina.

TOOK THE WORD OF THE ENDORSERS OF NERV-WORTH

And Carl J. Leveck's Own Test Clinched All Their Statements.

Very recently the following eloquent recommendation was received at Lima's Nerve-Worth drug store: Butler's Drug Store—For more than five years I have suffered from indigestion and bowel trouble. Stomach in very bad condition. Was very dizzy and nervous and my circulation was bad. Had severe

headaches at times and I had not been able to get any remedy that would help me in the least. Tried several doctors, but they did me no good.

I read statements from Nerv-Worth users as to the great benefits they had obtained from it and I purchased a bottle. Took it as directed and I am glad to say that the troubles mentioned are all gone and I am a well man again and am gaining in flesh and strength. I cheerfully recommend Nerv-Worth to all in my condition.

Social and Personal

Mrs. Edgar L. Harris of Cleveland state regent of the Daughters of the American Revolution, has called a meeting of the state regents' council for Friday October 4th at 2 o'clock, in Bellefontaine. Friday evening at an open meeting, Madame Archinard will speak on French orphans. Saturday morning an automobile ride has been arranged for the Daughters in attendance and a luncheon will be given Saturday at 1 p. m. at the Elks club in Bellefontaine. Regents of the central district will have a meeting Saturday afternoon, for the purpose of discussing the war work which will be undertaken by the various chapters. The usual meeting of the state conference of the D. A. R. has been changed from October until March. The reports of the local

chapters will be given at the state conference, as nearly all the chapters elect their officers in May, and the retiring officers report the following October. The work accomplished during the summer is reported by the retiring regent. The change in date of the conference obviated this difficulty. Any member of the D. A. R. desiring to attend this meeting in Bellefontaine, can do so by informing Mrs. E. J. Bryant secretary of the Bellefontaine chapter before September 30th.

A score of relatives and intimate friends were present at 7 o'clock last evening at the marriage of Miss Maude Moore, daughter of Mr. and Mrs. Charles H. Moore of Washington C. H., to Mr. William P. Savage,

son of Mr. and Mrs. William F. Savage of 52 North Champion Avenue, solemnized at the home of the bride's parents. Rev. Dr. S. S. Palmer, pastor of Broad Street Presbyterian Church, read the service. Miss Marion Savage, sister of the bridegroom, was maid of honor, and Mr. Richard Bibler of Columbus attended as best man. Mr. and Mrs. Savage left for a trip east and will be at home at 52 North Champion Avenue after October 15.

Columbus guests at the wedding included Mr. W. J. Savage, Normandie Hotel, grandfather of the bridegroom, Mr. and Mrs. W. F. Savage, the Misses Dorothy and Marion Savage, Mr. John Savage, Mrs. John Thomas. Until a short time ago the Moore family resided in Madison Avenue.—Ohio State Journal Friday.

Golden rod, fern and palms were artistically used in the decoration of the home, and in the living room, where the ceremony was performed there was a superb altar of palms and fern.

Mrs. C. W. Moore an aunt of the bride played Mendelssohn's wedding march while the young people took their places.

The bride was beautifully gowned in white georgette with satin trimmings. A long tulle veil, fastened with orange blossoms fell to the hem of her short skirt. She carried a shower bouquet of bride's rose buds.

Her maid, Miss Savage wore an elaborate gown of white silk, and carried a corsage of yellow rose buds.

Immediately following the ceremony, an elaborate course dinner was served in the dining room, where golden rod was used in great profusion.

The bride's going away toilette was a smart suit of brown serge with hat ensuite.

Additional out of town guests were: Mr. Charles Peters, Mr. and Mrs. Charles W. Moore, Mr. and Mrs. C. C. Winter, grand parents of the bride, Miss Georgia Winter, Mrs. W. M. Crymble, of Columbus.

The Washington band enjoyed a banquet and the merriest kind of an evening Thursday night at the Arlington Hotel.

It was given as a surprise and a compliment to the popular leader, Mr. James Whelpley, and was a decided success in every feature.

After the deliciously prepared viands had been shown full appreciation spiced with the social pleasure of the hour, Mr. Howard C. Allen assumed the role of chairman and toastmaster, filling it with ready wit. In answer to his pertinent suggestions the members of the band made happy responses and the hour of toasting passed all too swiftly. Following there was a business meeting and rehearsal.

Mr. Charles Rinehart one of the prime movers in the banquet proposal, was unable to attend on account of illness, but everything passed off splendidly under the efficient management of his assistant in the "cats" department.

In honor of the seventy-fourth birthday of her mother, Mrs. William Coffey, of near Buena Vista, Mrs. D. L. Moore pleasantly entertained with a dinner, Thursday at her home on Oakland avenue.

A large birthday cake with candles decorated the center of the table, fall roses of varied color lending added attraction.

After a day of much enjoyment, a group picture of the guests was taken.

Mrs. Harry M. Roberts gave charming entertainment to the Tuesday afternoon Kensington club.

Artistically arranged clusters of salvia and cosmos lent bright color to the home and a dainty refectory was served.

Mrs. Harold Anderson and little son returned this evening from Jackson, where they spent the past two weeks with Mrs. Anderson's parents.

Mr. and Mrs. E. N. Holloway left Friday morning on a motoring trip to Lexington Ky., to visit Mr. and Mrs. J. E. Sands.

Mr. Sherrill Clark of The Frank L. Stutson Co. returned Friday morning from Cleveland, where he has been securing the new ideas in displaying fall apparel.

Mr. and Mrs. William P. Morgan arrive Saturday from Springfield to spend a few days with Mrs. Morgan's mother, Mrs. V. P. Smith.

Miss Eva McClure, who is employed in the P. & D. Bank, was taken to her home at Bloomington Thursday suffering from an attack of influenza.

CALLED BACK FROM THE WEST TO ENTER MILITARY SERVICE

Mr. Davis Edwards was called back while enroute to Berkeley, Cal., to take the position of instructor in public speaking at the University of California, by his induction into military service, reaching his home in this city Thursday. He had been examined for enlistment some time ago and rejected on account of his eyes.

While professor in public speaking in the University of Utah last year he was engaged as government war speaker and had been listed for this patriotic work in California.

Consequently it was a decided shock to receive a telegram at Salt Lake City asking him to report at the Jefferson Barracks, near St. Louis, Mo., on October the first for military service. But despite the fact that he was asked to give up an exceptionally fine position, seldom opened to so young a man, and that his trunks, containing not only clothing but valuable books and equipment for work, had been sent on to California at heavy expense, young Edwards showed himself a live young American with the right kind of grit. "Sure it's all right, if they can use me I never asked for exemption and didn't want it," was his response to inquiries following his arrival here.

He remains with his parents, Mr. and Mrs. Emmet Edwards, until he goes to Camp the first of October.

GREAT LAKES BAND NOT QUARANTINED AND WILL BE HERE

The Great Lakes Naval Training Station Band, one of the organizations trained by the great bandmaster, John Phillip Sousa, will give a concert in this city on the evening of October 1st, as previously announced, definite assurance to this effect having been received by Chairman C. P. Ballard, of the Fayette County Liberty Loan Committee, no later than Thursday afternoon.

The band will arrive on a special train over the Pennsylvania railroad, at 3:55 p. m., give a concert on a special band stand in front of the court house at 7:30 and remain in the city over night, departing at 7:45 the following morning.

Noted speakers will accompany the band, and there is every assurance that a crowd of many thousand persons will be present to greet the sailor boys when they appear here next Tuesday evening.

The band is traveling in the interest of the Fourth Liberty Loan, and their concerts are free to everyone.

(By Associated Press Cable)
American Army on the Verdun Front, September 27.—(10 a. m.)—The American advance continued during last night on the front of the offensive launched yesterday. The Americans pushed forward maintaining contact with the enemy. Some machine gun resistance was quickly overcome with artillery and tanks.

Late information tends to confirm the belief that the German heavy artillery was caught in the act of withdrawing and was unable to operate or reply satisfactorily. It is not known at this hour whether any of the big guns were captured.

The weather today was thick, light rains having begun in the morning obscuring observation.

YANKEES TAKE 5000 GERMANS

(American Press)

Washington, Sept. 27.—The American first army, attacking over a front of 20 miles west of Verdun, in co-operation with the French, advanced to an average depth of seven miles and captured 12 towns and more than 5,000 prisoners. So stated a dispatch received at the war department from General Pershing.

Four of the towns were carried by storm by Pennsylvania, Kansas and Missouri troops of Major General Liggett's corps. The enemy offered stubborn resistance. Troops of other corps forced their way across the Forges brook, took the Bois De Forges and wrested eight towns from the enemy.

Under the terrific bombardment preceding the commencement of the battle the Germans hurriedly quit numerous positions, and into these the Americans and French went unimpeded. At last accounts the allied attack was progressing favorably. Many French villages and German strong points had been captured.

General Pershing's report follows: "Northwest of Verdun the first army attacked the enemy on a front of 20 miles and penetrated his line to an average depth of seven miles."

"Pennsylvania, Kansas and Missouri troops serving in Major General Liggett's corps stormed and captured Varennes, Mont Blainville, Vauzot and Chappay after stubborn resistance. Troops of other corps, crossing the Forges brook, captured the Bois De Forges and wrested from the enemy the towns of Malancourt, Bethincourt, Montfaucon, Cuisy, Nantillois, Zeptarges, Danneux and Gercourt-et-Drillancourt. The prisoners thus far reported number over 5,000."

"Everything Goes In War, 'Says Jackie' Even a Fellow's Hair"

"O H, very well. We're the bald-headed twins if you say so."

So say these two members of the U. S. Naval Band, Cleveland station, which is on tour in the Fourth Federal Reserve District to boost bond sales for the Fourth Loan. You can't get a "rise" out of either of these boys by reference to their unthatched domes. Witness the smiles.

"Everything goes in war," says the baldy with the big horn, "even a fellow's hair."

That one is Edmond Inski, who enlisted with his E flat tuba the minute the band was talked of. His "twin" is A. F. Gerloch, who was financial secretary of the musicians' union in Cleveland before enlisting. Inski is 21—Gerloch is 26.

FLYING FRESHENS THE HUMAN MIND

(Associated Press Correspondence)

Behind the British Lines in France, September 24.—Flying, in the opinion of British aviators, is going to change the character of the world's thought. It will have a broadening influence and it will bring a fresher, cleaner flow of ideas into the brains of men.

A man, the flyers argue, who has seen before him at the same time the cliffs of England, the long flat fields of Holland, and the smiling countryside of Belgium and France, is bound to think in a different way than a man whose horizon has always been bounded by bricks and mortar, or even by hill and dale.

Traveling may have made him think nationally, but flying will make him think far more largely. He will see England and France lying close to each other, separated only by a shining strip of water. He will see the green and brown mosaic of Belgium, which in its turn merges into the distant shadow of Holland, while, still farther on, across the wide Scheldt he will see the distant low lands sweep on over the rim of the world.

How will he regard petty spites be-

tween individuals and cliques then, the birdman asks. He can cover with his thumb from the heights a feverish city swarming with a million people. What will he think of those who live next to each other and will not speak? How mean and petty their quarrels and jealousies and hates will seem.

HOUSE AT WORK ON BALKAN PLAN

(American Press)

Washington, Sept. 27.—President Wilson may be called upon to settle the ancient intricacies of Balkan border problems before peace with Germany and Austria appears on the horizon. Both in her official reply to the recent Austrian peace-feeler and through diplomatic channels the Bulgarian government has indicated it is willing to abide by President Wilson's views regarding the settlement of Balkan boundaries. It is further learned that if Bulgaria determines to get out of the war she likely will appeal through American channels. President Wilson has had a commission, headed by Colonel House, working for months on historical data bearing on the Balkan question, so that once settled that hotbed of war and intrigue will be cooled off for all time.

THE CRY OF BELGIUM WILL BE ANSWERED IN FAYETTE COUNTY

The cry which comes from devastated Belgium and France for clothing and warm materials to protect them during the coming winter is being generously answered all over the country and the Woman's Committee, Council of National Defense, is now beginning the collecting of Fayette county's quota for our drive, October 1st to 5th.

The Cincinnati Enquirer in a recent editorial well says:

"Right now is the time to hark back four years and remember how valiantly Belgian soldiers stood on their own border and held back the hosts of advancing Huns. For many the cause of honor was defended at the cost of life. Then followed a succession of atrocities, and the whole kingdom was awash with the blood of the innocent."

Winter is approaching, and Fayette county has been asked to supply as many tons as possible of usable garments between September 23-30. Thousands of aged men, destitute women and suffering children are in dire need of warm clothing. Our own American soldiers are now in Belgium, and their every letter is one to stir the pity of the folks here at home. They are sharing their provisions and comforting the desolate while driving back the despoilers.

Every one has at least a single garment that will help these sufferers fight the cold of winter. Every contribution of warm clothing should be promptly turned in when the drive starts next Monday.

Of all the calls for help from the ravaged fields of war the cry of Belgium, the first victim of German barbarism, must always hold a place all its own.

Fayette county's response will be generous—it always is—and the Red Cross headquarters will team with busy workers on next Tuesday to Saturday inclusive.

Every kind of garments, for all ages and both sexes, is needed and needed badly. Since garments will be subjected to the hardest kind of wear, they should be of strong and lasting materials. They need not be in perfect condition for there are thousands of destitute women in the occupied regions who are eager to earn a little money by repairing gift clothing and will also make up materials.

NEW PREMIER HAS JOB ON HIS HANDS

(Associated Press Correspondence)

Amsterdam, September 26.—The new Austrian Premier, Baron Dr. Max von Hussarek-Heimlein, is described by the Vossische Zeitung's well-informed Vienna correspondent as "an Austrian Hertling without the latter's parliamentary experience but with analogous political shading and adaptability." He was appointed Premier July 25.

Von Hussarek enters upon his task under peculiarly difficult circumstances. It is generally expected that he will sail in Germany's wake. "It could not be otherwise," German commentators put it, almost threateningly, although so far he has not made any binding declaration to that effect.

Von Hussarek's appointment is largely attributed to clerical influence. He belonged to the late Archduke Francis Ferdinand's set from which Emperor Charles already has chosen several ministers. It is therefore expected he will enjoy the support of Catholics.

To place the country's internal economic situation on something like a sound basis if such be possible, will be Hussarek's most difficult task. New taxation will be immediately required to meet the service of three and a half milliards of war debts and the reorganization of the disorganized food distribution system will be equally imperative. How he proposes to extract further revenue from the tax-ridden population is a secret as yet not disclosed.

FRESH REVERSES FOR THE HUNS

(American Press)

London, Sept. 27.—Bulgaria has been entered by a British force, a maneuver that is likely to prove of great strategic value, once the Istrumitza river valley, leading toward the Sofia-Seres railway, is reached.

Meantime, days of adversity continue with the Teutonic allies in southern Serbia and Palestine, and the British and French are keeping up their maneuvers, which are gradually bringing the important town of St. Quentin into their hands. In Serbia the Serbs, Italians, Greeks and British are still threatening the enemy forces with disaster by reason of their rapid advance and the state of confusion into which the Bulgarians and Germans have been thrown by the shock of the offensive.

The Bulgarian army, estimated to aggregate 300,000 men, is in a very dangerous position, but the victory will not be decisive, in the opinion of military experts, until Uskub, the center of all the enemy's communication lines, is captured. If that is accomplished, it is believed the victory will be numbered among the few decisive ones of the war.

The situation in Roumania, according to information received here, has become alarming for the central powers. The Roumanian peasants, made enthusiastic by the victories of the entente countries, are beginning to resist openly the German and Austro-Hungarian military. Local revolts have occurred at a number of places and the Roumanian government has sent agents to Berlin and Vienna to obtain a mitigation of the Austro-Hungarian rule.

The Roumanian government is reported to have pointed out that if its request is rejected it will be unable to guarantee the maintenance of order or avoid the eventualities of a sanguinary crisis.

FOOTBALL TEAM IS HIT BY THE "FLU"

The High School football team has been seriously handicapped this week in their scrimmage work, by the influenza.

This popular malady does not even exempt football athletes who are supposed to be immune to such things. Nevertheless, although there are six or eight men of the squad on the sick list, the team ex-

pects to put up a stiff resistance to the Xenia attack, at Xenia tomorrow and pull out the long end of the score.

Xenia has as clean record thus far this season, not having been scored on when they met Greenfield last Saturday, but the wearers of the blue and white expect to put a few marks on their slate when they clash Saturday.

It is possible that Coach Hays will not be down from O. S. U. for the game and the boys will make the trip by themselves under the guidance of Captain Beardon and his Lieutenant, Pete Willis.

INFLUENZA HALTS CALL FOR TROOPS

(American Press)

Washington, Sept. 27.—Because of the epidemic of Spanish influenza in army camps, Provost Marshal General Crowder canceled calls for the enlistment between Oct. 7 and 11 of 142,000 draft registrants.

More than 6,000 new cases of influenza in army camps have been reported to the office of the surgeon general of the army. One hundred and seventy deaths, resulting chiefly from pneumonia following influenza, and 723 new cases of pneumonia, also were reported.

Two camps, Kearney, California, and Eustis, Virginia, were added to the list of those where influenza has made its appearance, leaving only 13 camps free from the disease. The total number of cases of influenza in all camps was placed at 35,146, with 3,036 cases of pneumonia. One out of every four men at Camp Devens, Mass., has contracted influenza, it was announced, and 10 per cent of the cases have developed into pneumonia.

In canceling the call for the enlistment of the draft registrants early next month General Crowder acted upon instructions from General March, chief of staff. Every state and the District of Columbia had been assigned quotas and the men were to have gone to practically all of the camps in the country. The men probably will not be enlisted until after the influenza epidemic has been checked.

It was said at the office of the surgeon general of the army that every possible precaution is being taken in all camps to check the spread of the disease, but that despite all measures it is believed the disease will run its course and probably spread to still other camps. Additional physicians and nurses have been sent to camps where the epidemic is most severe.

The greatest number of new influenza cases, 1,007, was reported from Camp Dix. While Camp Devens reported fewer new cases, pneumonia showed an increase there, 309 new cases, and 83 deaths being reported. Influenza also is on the increase among the civilian population, particularly in New England.

CALWELL & KATZ OUTGROW QUARTERS

Calwell & Katz have leased the corner room in addition to their present room for a term of years.

They also purchased the fixtures, good will and lease of Frank Hamilton, who will retire from the drug business, closing out his entire stock at once with the expectation of a call for overseas duty.

Mr. Calwell informs us that it is their intention to remodel at an early date, throwing the two rooms into one large, light and well equipped room for the clothing business. They will install a modern corner entrance with a window display on Main street equal to that of any city.

Mr. Calwell, who entered business here ten years ago, in his courteous way and fair dealings with the public, has established a business that has outgrown the firm's present quarters. Adding the additional floor space will enable them to bring every department of the Men's and Boys' wearing apparel up to the highest standard of merchandising.—Cleveland Union-Herald.

UP GO LIBERTY LOAN WINDOW CARDS

During Friday the attractive posters, placards and window cards heralding the Fourth Liberty Loan campaign went up in this and adjoining towns and throughout the county as if by magic—for four squads of energetic high school boys, under the command of "Cap." Pete Willis, were engaged in the work, and did it most thoroughly.

The twelve boys spent part of the forenoon in distributing the advertising matter in this city and then, in four automobiles, hurried out to all parts of the county to complete the work.

The volunteers posted and distributed thousands of placards, posters and advertising folders.

U. S. WAR BILL \$58,000,000 DAILY

(American Press)

Washington, Sept. 27.—Uncle Sam's war debt will reach the \$19,000,000,000 mark Saturday, the day he launches the fourth great loan. With daily expenditures ranging close to \$59,000,000, this month's war cost will break all records. The nation's burden for September is placed at \$1,775,000,000, which, according to unofficial figures, exceeds the monthly expenditures of any other belligerent. Although Germany's debt has been shrouded with some mystery, her four years' war have piled up a debt said to be \$39,000,000,000.

LUDENDORFF "IT"

(American Press)

Amsterdam, Sept. 27.—Philip Scheidemann, majority Socialist leader, addressing the main committee of the reichstag, declared that General Von Ludendorff, and not Chancellor Von Hertling, rules in Germany. He said that Germany is suffering now because she undervalued her enemies. "I regard the Brest-Litovsk treaty as an obstacle to peace," Scheidemann said. "This king-making business in the east must terminate. So far as Belgium is concerned, we ought to have spoken sooner, and differently."

Herr Groeher of the Centrists, who have been war supporters, made a sensational speech, sharply criticizing a secret order issued by the war office Aug. 11 prohibiting public speeches regarding the reichstag peace resolution.
